Strategies for Teaming with Families in the Process of PBS

1. Review process with family using question-and-answer sheet on PBS.

2. Ask family to provide observation information.

3. Interview family in Functional Assessment process.

4. Identify challenging behavior situations/functions that are similar across home and early childhood settings.

5. Share hypotheses and draft support plan with family; encourage their support and ideas.

6. Develop a simple plan for home implementation.

7. Provide family with success stories.

8. Encourage families, and acknowledge their efforts and progress.
