**Example 1****Role Play**

Scene: *Child is hitting his younger brother.*

Mom: You hit your brother; you need to use your words to solve problems. You will have to go to time out until you are calm.

Child: No, I don't want to go.

Mom: You can go by yourself, or I can help you.

Child: Okay, okay (walks over to chair and sits down).
After a few seconds, he gets up from the chair and walks off.

Mom: If you do not stay in the chair, you will do a time-out in the bedroom hall.

Child returns to the chair.

After four minutes have passed, and the child is calm, Mom walks over and says:
All done with time-out. You may go play. Remember to use your words to solve problems.
